SKILLS

Languages

- Python
- TypeScript
- HTML / CSS / JS
- Arduino (C++)

Domains

- Apps & Games
- Websites
- Robotics & Embedded
- Computer Vision

INTERESTS

- Photography
- Guitar
- Volleyball
- Astronomy
- Reading

LANGUAGES

French

Native

English

Fluent, professional

PROFILE

Student in preparatory classes (PC*) in Tours. Outside of class, I build apps, games, websites and sometimes a robot, for the pleasure of it. My projects range from a shared expenses app to a toolbox for Minecraft, and a robotic arm that plays Connect Four, presented at EUCYS in Riga.

EXPERIENCE

Robot J4

2024 / 2025

Robotics / AI / Computer Vision

- Designed and built a robotic arm playing Connect Four autonomously against a human.
- Minimax algorithm with custom heuristics for optimal decision-making up to depth 6.
- Python + OpenCV pipeline for real-time board state recognition via camera feed.
- Arduino UART serial link between the Python decision engine and the physical arm.

Sports Club Board Member

2024 / Jul 2026

Volunteering / Association Management

- Member of a sports club board. Administrative management, event organisation and coordination between members and governing bodies.
- Collective responsibilities in a voluntary associative setting.

Classroom Construction, Ourika Valley

Nov 2024, Feb 2025

Humanitarian Project / Morocco

- Built an additional classroom in a village near Chicker where 40 primary students across 4 year levels shared a single room, over two stays (5 to 12 November 2024, 18 to 22 February 2025). On-site work included rebar fabrication, stone foundations, concrete mixing and slab pouring.
- Produced the initial architectural plans in collaboration with the local development association.

EDUCATION

CPGE PC*

Sept 2026 / Present

Lycee Descartes, Tours

- Second year of preparatory classes for engineering schools.

CPGE PCSI

2025 / 2026

Lycee Descartes, Tours

- First year of preparatory classes.
- TIPE: optimising the hardener to epoxy resin ratio (DGEBA / TETA), Shore D hardness measurements.

French Baccalaureat

2025

Lycee Vaucanson, Tours

- Mention Tres Bien, felicitations du jury (highest honours with distinction).
- Specialisations: Maths, Physique-Chimie, Maths Expertes.

AWARDS & RECOGNITION

Concours Cgenial 2025, Prix Genialissime EUCYS
Robot J4 recognised at the Cgenial national competition, the leading French science and engineering competition for high school students.

CERN European Prize, EUCYS Latvia
CERN European Prize at the European Union Contest for Young Scientists, Riga, 2025.
